

# Stemazing

# Inspiration Academy

Opportunity to sponsor the Inspiration Academy designed to empower women in STEM role models, enhance their public engagement skills and increase their confidence in delivering sensational STEM sessions.

Four month programme culminating in each role model running their own 6 week online STEMAZINGKids club to inspire 5-9 year olds.

The STEMAZING Inspiration Academy supports women in STEM to shine as visible role models, excel at public engagement, change outdated perceptions and leave a legacy by delivering engaging online STEMAZINGKids sessions to inspire the next generation.

## Role model

Focused on women in STEM. This initiative fosters female STEM role models

## Up-level

Role models up-level their engagement skills through training and workshops

## Inspire

Dedicated to inspiration and impact. Role models will run six weeks of STEMAZINGKids sessions

## Support women in STEM to shine and inspire others

You can support this programme through sponsorship and recommend women in your network to apply. We will prioritise places for women engineers who are currently looking for work so they can gain valuable skills and experience that will help their CV stand out.

## MONTH 1

- Launch webinar with introduction to programme, importance of early STEM engagement and role models.
- Women engineers become STEM Ambassadors if they are not already.
- Participants split into smaller Accountability groups for peer support, practice sessions and feedback .
- Access to Confident on Camera training videos and this month's recording assignment to record their own Meet a Woman in STEM video.
- Work in Accountability groups to support each other to refine video.

## MONTH 2

- Webinar to share lessons learnt for being confident on camera and introduction to delivering practical STEM sessions.
- Access to recordings of 6 STEM sessions for participants to do and practice delivering themselves.
- Accountability groups work together to take it in turns leading and delivering sessions to refine their style.
- Access to supporting resources for STEM sessions - materials list, lesson plan and key STEM messages.
- Engage with schools to book in their STEMAZINGKids sessions.

## MONTH 3

- Webinar to share lessons learnt for delivering dynamic STEM sessions.
- Continue engaging with schools and parents to finalise bookings for STEMAZINGKids sessions to start running at the end of this month.
- Continue refining delivery of STEM sessions with Accountability group.
- Set up Zoom call sessions with all STEMAZINGKids families taking part.
- Run first 2 weeks of STEMAZINGKids.

## MONTH 4

- Webinar to share lessons learnt on running STEMAZINGKids sessions so far.
- Run remaining 4 weeks of STEMAZINGKids.
- Access to electronic completion certificates for all STEMAZINGKids and I AM STEM AZING stickers to be sent to all participating schools.
- All women engineers receive STEMAZING goodie bag.
- Celebration and close out webinar.
