

# Stemazing Inspiration Academy

4-month programme to empower women in  
STEM to shine as visible role models.

The STEMAZING Inspiration Academy supports women in STEM to excel at public engagement, change outdated perceptions and leave a legacy by delivering engaging online STEMAZINGKids sessions to inspire the next generation.

This 4-month programme enhances participants' confidence on camera and increases their portfolio of sensational STEM sessions they can deliver with ease. The programme will culminate in them running their own 6-week online STEMAZINGKids club to inspire 7-9 year olds.

## Role model

Focussed on women in STEM. This programme fosters female STEM role models.

## Up-level

Role models up-level their engagement skills through training and workshops.

## Inspire

Dedicated to inspiration and impact. Role models will run six weeks of STEMAZINGKids sessions.

## Support women in STEM to shine and inspire others

Opportunities for sponsorship are open! Sponsorship enables us to deliver this valuable opportunity for women in STEM and Primary school children, including providing free STEM packs with the key experiment resources for schools with highest needs. Sponsorship starts at £180 to provide STEM packs to schools, up to the following packages which include guaranteed places for women in your organisation/network on the programme:

- Tier 1 Sponsor £899 (includes 1 woman)
- Tier 2 Sponsor £1,999 (includes 3 women)
- Tier 3 Sponsor £3,999 (includes 5 women)

# AUTUMN/WINTER 2021 INSPIRATION ACADEMY 4 MONTH PROGRAMME

STEM ONLINE**

03

Inspiring

**ENGAGING VIA  
ZOOM &  
SETTING UP**

04

**RUN  
STEMAZINGKIDS  
CLUB**

In addition to sponsor places, women from all areas of STEM will be invited to apply. Free places are prioritised for women in STEM who are currently out of work to support them with valuable skills to help them get back into the STEM workforce.

School places are prioritised by percentage of families that qualify for free-school-meals.

All women will benefit from informative and empowering webinars, build their network of other women in STEM, learn from training videos and expert speakers, grow their portfolio of engaging STEM sessions and enhance their authentic confidence to truly shine as a role model and inspire others.

All engagement is expected to be online. Participants will need to:

- attend the monthly evening webinars with their cameras on
- engage with their assigned small groups to complete short tasks
- sign up to be a STEM Ambassador
- liaise with local and targeted schools
- commit to delivering 6 STEMAZINGKids sessions after completion of their training
- comply with our privacy and safeguarding policies

**OPEN - SEPT**

**RUN -  
OCT - JAN/FEB**

The programme will be an informal and safe space to grow confidence with public engagement, but to benefit fully each woman will need to commit to giving it the required time and effort. We expect 2 hours a week will be necessary.
